TEAMSTERS' STRIKE FAILED TO SPREAD

Non-Union Drivers Unmolested, and Deliveries Were Made by Large Stores to All Parts of Chicago.

NO PROSPECT OF SETTLEMENT

Express Companies Still Determined Not to Employ Strikers.

ARMED Sentries ON GUARD AT ARMORIES IN THE CITY AND OFFICERS EXPECT A CALL AT ANY MOMENT--LUMBER INDUSTRY MUCH AFFECTED BY THE TROUBLE.

By Associated Press.

Chicago, May 25.—C. P. Saca, president of the International Teamsters' Union was upheld to-day by Judge Kohlsaat, of the federal court, in his refusal to answer questions before Master in Chancery Sherman, which tend to incriminate him. Shea is now under indictment in the criminal court and Judge Kohlsaat held that answers to some of the questions might prejudice him in the hearing of his case. The same decision held in the case of Bernard Mulligan, of the Express Drivers' Union and John Bonohue, a member of the same union, who refused to answer questions. The latter were declared in contempt and both sentenced to jail, but paroled in custody of the United States Marshal to perfect a review on habeas corpus proceedings by their attorneys.

The strike failed to spread to-day to any great extent. Some lumber firms made a few deliveries, but did not attempt normal business. A large number of coal wagons with negro drivers passed through the downtown streets unmolested, and the large retail stores also made deliveries to the outskirts of the city without trouble and without guards.

The call for one thousand men for additional policemen was answered by about one hundred, only three-quarters of whom proved acceptable.

Tonight there is no apparent prospect of a settlement. The express companies refuse to concede in the slightest degree from their declaration that they will take back none of the striking drivers. No move looking toward a settlement in other directions has been made.

Armories Guarded.

Armed sentries are guarding the various armories located in the city and the officers expect a call to arms at any moment. Fifty thousand rounds of ammunition have been distributed among the four regiments in the city and the naval militia.

C. S. Wicke, secretary of the Hines Lumber Company, said to-day that inside of a week 100,000 men who work in wood will be out of employment if the tie-up of the lumber districts continues. The wood working mills are already affected.

F. D. Smith, of the hardwood lumber firm of F. R. Smith & Co., asserted that 6,000 lumber yard workers have been laid off on account of lack of business. Fifty mills will be forced to shut down within a week. Lumber and saw mills in the northwest are beginning to curtail operations. All orders for delivery of lumber to Chicago have been canceled.

President Shea, of the Teamsters' Union, held a different view of the prospects for a complete tie-up of the wood and building materials. He said:

"All this talk of tying up the building industry is idiotic. The lumber association combine dealers have long been fighting with the teamsters who

CONVICTS TO WORK ALABAMA MINES

By Associated Press.
Birmingham, Ala., May 25.—The Sloss-Sheffield Steel and Iron Company has renewed its contract with the state to use convicts in the mines at Flat Top, providing for a minimum use of two hundred and maximum of three hundred and fifty. The company pays the state forty-three cents per ton for coal mined by convicts.

do business with the desk and telephone dealers, the 'switch track men,' they call them. These lumber jobbers can get all the union teamsters they want and can supply all the lumber that is required and at lower prices than the lumber association will set. They also have an advantage in the fact that they can have lumber delivered on any switch track, whereas the lumber yard is stationary."

Will Not Give In.

New York, May 25.—Senator Platt, president of the United States Express company to-day said that the striking express drivers in Chicago would never be taken back by the company.

SCHOOL CONSOLIDATION BILL WILL PROBABLY PASS

Substitute Offered and Made Special Order for Friday Which, if Adopted, May Defer Action.

SPECIAL COUNSEL BILL WAS KILLED

As Were Stockton's Bridge and Avery's Money Lender Bills.

HOLMES COUNTY DIVISION BILL COMES UP TO-DAY ON MOTION TO RECONSIDER—GOVERNOR VETOED HILLSBORO COUNTY CRIMINAL COURT BILL—OTHER BUSINESS.

Special to The Journal.

Tallahassee, May 25.—In the senate this afternoon Mr. Trammell offered a substitute for the Buckman school consolidation bill which, after long debate, was made a special order for Friday afternoon. The practical effect of the substitute would be to defer action for two years. Indications are that the Buckman bill will pass.

In the house the Tampa fair bill was set for Tuesday noon.

The bill providing for an assistant convict inspector passed the house.

The bill prohibiting the employment of special counsel by the attorney general was killed.

Mr. Stockton's county bridges bill was also defeated.

The question of dividing Holmes county comes up to-morrow on motion to reconsider.

The governor vetoed the bill relating to the Hillsboro county criminal court on the ground that he had signed a similar bill.

Morning Session.

The house this morning knocked in the head the bill creating the new county of Bloxham out of Holmes county.

Tom Wire's famous bill for the extension of city limits passed the house this morning. The measure that got through is the house bill, which had been amended by the senate to exclude towns of less than 10,000 inhabitants from the operations of the act. This is the "greater Tampa" bill of which so much has been heard; and probably means the incorporation of a part of Fort Trook in Tampa.

The governor's mansion bill passed the senate, as amended, and the house at once concurred in the amendment. The bill now goes to the governor for approval.

The drainage constitutional amendment passed the house this morning without debate, and with but one dissenting vote.

Mr. Avery's "money-lenders" bill was killed in the house.

LARGE REWARD FOR MURDERER

RELATIVE OF MRS. LELAND STANFORD OFFERS \$1000 FOR ARREST AND CONVICTION.

By Associated Press.

San Francisco, May 25.—The Examiner to-day gives account of a reward of \$1,000 offered by Walton Stanford, of Schenectady, New York, for information leading to the arrest and conviction of the parties responsible for the death of the late Jane E. Lathrop Stanford. Walton Stanford is said to be a nephew of the late Senator Leland Stanford, and a beneficiary under his will to the extent of \$100,000. Mrs. Stanford in her will made no provision for the blood relatives of Senator Stanford.

The attorney here for Mrs. Stanford's estate says he can assign no motive for the offer of this reward by Walton Stanford and that nobody in authority connected with the Stanford estate has authorized him to do so.

HOMES SWEEP AWAY BY FLOOD

RIO GRAND RIVER ON THE RAMPAGE—ENTIRE VILLAGE DESTROYED.

By Associated Press.

Albuquerque, N. M., May 25.—The Rio Grande, now almost a mile wide, is flowing through the middle of the village of Tome, 20 miles south of Albuquerque, while the six hundred inhabitants of the village are camping on the hills and watching their homes being swept away.

The entire property of the villagers is destroyed, along with their crops. Other villages are threatened.

NEW BRIDGE FORMALLY OPENED.

Three Million Dollar Structure Over Mississippi River at Thebes.

TESTED WITH IMMENSE LOAD

OF OVER EIGHT MILLION POUNDS BEFORE RAILROAD OFFICIALS AND GUESTS—PRINCIPAL ADDRESS BY GOVERNOR FOLK OF MISSOURI.

By Associated Press.

Thebes, Ill., May 25.—The new railroad bridge crossing the Mississippi river was formally opened to-day. It is owned and will be used by the Illinois Central, Chicago and Eastern Illinois, Missouri Pacific, Iron Mountain and St. Louis-Southwestern roads. Its cost was three million dollars. It is a double track bridge of five spans, each 521 feet long, excepting the middle span which is 617 feet long. The total length, including the approaches, is 3317 feet. The bridge was tested to-day by running upon it twenty-eight of the largest locomotives, which with tenders, coal and water, were estimated to weigh eight million, four hundred thousand pounds, probably the heaviest load that will ever be put on the structure.

The ceremony was attended by prominent officials of all the roads, with their guests, who came by special trains from Chicago and St. Louis. Governor Folk of Missouri, made the principal speech.

The bridge is a most important connection for southern and southwestern traffic.

GOV. LAFOLLETTE AFTER LOBBYISTS

STRONGLY DENOUNCES "IMPUDENT RAILROAD LOBBY," AND ASKS PREVENTATIVE LEGISLATION.

By Associated Press.

Madison, Wis., May 25.—Governor La Follette to-day sent a message to the legislature urging legislation to destroy secret lobbying. He strongly denounced the "Impudent Railroad lobby," which he says costs the state millions of dollars in the last six years. He says the lives of legislators living in hotels are made miserable by agents of railroads, book trust and telephone agents.

Continuous Disturbances Throughout Day at Warsaw

By Associated Press.

Warsaw, May 25.—Disturbances continued all of the day and are still progressing late to-night. Eight persons have already been killed and a hundred wounded, nineteen seriously. The damage to property has been considerable.

The character of the disturbances is unprecedented. The whole affair is a conflict between the respectable Jewish socialist and disreputable Jew-

ish element, but reports of the origin are conflicting. In any case, the socialists seemingly determined on a crusade against undesirable persons of their own race with the result that crowds of men and boys are systematically ruining disreputable houses.

The whole affair was carefully organized, leaders supplied with the addresses of owners of disreputable houses and hardly a single resort in Warsaw escaped destruction.

JEWS ARMED IN SELF DEFENSE

BUT WHEN FIRST ATTACKED AT ZHITOMIR FIRED INTO THE AIR—MANY KILLED.

By Associated Press.

St. Petersburg, May 25.—Voskhod, a Jewish paper, reviewing the recent rioting at Zhitomir, says the Jews were armed in self-defense, but when first attacked fired into the air. The Christians were incited by agitators to set upon the Jews, many of the latter being killed with stones and clubs. The paper declares that the authorities and Christians are generally indifferent.

Detachment of Russians Defeated by Jap Cavalry

By Associated Press.
Gunsu Pass, May 25.—A squadron of Japanese cavalry encountered and defeated a small detachment of Russian troops northwest of Gunsu Pass, twelve miles from the railroad, on Monday. The appearance of the Japanese so far from their base is taken

as an indication of their desire for information preliminary to turning the Russian flank. Chinese bandits are active on the Mongolian border and are hampering the Russian scouts, preventing the purchase of supplies and attacking cattle purchased by the Russians.

Many Resolutions by Industrial Parliament

By Associated Press.
Washington, May 25.—After adopting resolutions on subjects of vital interest to the South, the Southern Industrial Parliament adjourned to meet in some Southern city next October. The discussions to-day were spirited and personal, but when adjournment arrived all feeling had vanished and

the delegates declared the convention a success. The resolutions adopted were varied and affected the welfare of the South in many directions. Among these was one urging the formation of some plan whereby cotton could be marketed as wanted by the world and commending the warehouse system. Immigration to the South was strongly favored.

Wealthy Murder Suspect Suicided When Questioned

By Associated Press.
Savanna, Ill., May 25.—Bothwell Pullford, reputed to be the wealthiest citizen of Savanna, committed suicide a few moments after being questioned regarding the whereabouts of a revolver with which he was suspected of having slain Attorney D. S. Berry, formerly member of the legislature. Pullford had denied any knowledge of the killing of Berry, but became agitated when questioned concerning the revolver. The story has been widely circulated that Berry was killed as a result of attention paid by him to a married woman.

Pullford's death ends the life of a man who rose from a poor boy to the position of one of the wealthiest men in this section of Illinois. Besides real estate of Savanna he was the president of the Commercial Bank and the owner of the electric light system. He lived for his business. He was in his store daily at 7 a. m. and seldom left it until 11 at night.

Pullford arose early to-day and went to his store. He appeared to be working under great strain. After opening the doors of the store and of the safe, he placed the money in the cash register and was leaving by the back door when a newspaper correspondent stopped him.

"Mr. Pullford, I would like to ask you one question in regard to your revolver," he said.

"I can't talk just now," said Pullford. "I am going to the house to get breakfast, but I will be back in a minute."

Mr. Pullford appeared to be in haste and turned quickly and walked toward his home. Fifteen minutes later a report was heard, and when an investigation was made, Pullford was found dead. He had ended his life with a single bullet. For two months Pullford has shown signs of mental strain.
